Good morning,

Yesterday afternoon, one of the Network Instructional Support Leaders stopped by my office and informed me (per a directive given during the Chief of Schools meeting on March 11) that all ISLs were directed to physically go to each school in the Network by Friday (3/15) to:

- Confirm that Persepolis is not in the library.
- Confirm with school principal that it is not being used in any classrooms.
- And to collect the autobiographical graphic novel by Marjane Satrapi from all classrooms and the Library.

I was not provided a reason for the collection of Persepolis. If I learn more I will inform all staff.

Chris
